Our Vision

It is our desire as parents and as a church to help the youth of all ages participate in missions and outreach trips. We believe youth are created and loved by God, and that God has a purpose for their lives.

Middle School students would have the opportunity to be involved in ministry to Serrano Middle School, as well as full day and overnight mission projects once per year per grade level. High school freshmen and sophomores would be able to participate in a local (California, Nevada, or Arizona) trip every other year, and juniors and seniors would be able to participate in an international trip every other year. Students who have attended Immanuel from 6th–12th grades will be given the opportunity to participate in full day projects, an overnight project, a stateside trip, and an international trip, in addition to local service projects.

Hundreds of young lives are influenced by what we are able to offer them through funds generated by this tournament. Characters are formed, lives are changed, important values of life are instilled, and they are encouraged to find God's purpose.

We could not do this without your generosity. We deeply appreciate your interest, gifts, and financial support.

In His Name,

Dr. Rob Zinn, Pastor
Immanuel Baptist Church
